PREGNANCY SESSIONS

Pregnancy

(either on location in Riddells Creek
or in Sunbury studio)

- Gallery of 15 fully edited, high resolution colour images supplied via a download link (final images chosen by Clare)
- Images also included as black & white files

\$280

A pregnancy session can be added to a booked newborn session.
Pregnancy sessions are ideally scheduled between 32-36 weeks.

THE STUDIO

Newborn sessions are done at my Sunbury home studio. The purpose built space has been thoughtfully designed to ensure new parents and families can enjoy a calm, relaxing home environment during their newborn session. The studio has kitchen and bathroom facilities, change table and nursing chair. Older children have a dedicated play room with toys, books and a TV so they have a space to relax while their new baby sibling is being photographed.
